

The Certified Professional Coder (CPC®) credential is the gold standard for medical coding in physician office settings. Certified CPC's help maintain compliance and profitability within medical practices through accurate medical coding and documentation. Over 105,000 certified professionals help make it the most recognized medical coding certification in the healthcare industry.

## CERTIFIED PROFESSIONAL MEDICAL CODING (CPC) COURSE

This online CPC course, offered through AAPC, includes all course preparation leading up to the CPC certification exam, which upon successful completion is recognized as the gold standard for medical coding in physician office settings. This course also includes the Practicode CPC-A module, which allows the student to code redacted medical records and counts as the equivalent of one year of coding experience and results in the removal of "A" (Apprentice) designation from the certification.

**Tuition of \$2,395 for WCA members & \$2,995 for future members**

Includes: access to online portal for class content; all workbooks, text books and exam study guide shipped directly to student; CPC exam including one free retake if needed; Practicode CPC-A module; AAPC membership. Register at [www.westchester.org](http://www.westchester.org)
